#### **PRESENT:**

#### **1. ORDER:**

#### **2. ADDITIONS TO AGENDA:**

#### **3. MINUTES:**

- (a) Council meeting minutes from October 9<sup>th</sup> and 23<sup>rd</sup>.

#### **4. DELEGATIONS:**

- (a) Sergeant Darren Kakuno – second quarter policing report.

#### **5. COMMITTEE REPORTS:**

- (a) RDEK Board meeting report.

#### **6. UNFINISHED BUSINESS / BUSINESS ARISING FROM THE MINUTES:**

- (a) Online Accommodation Payments portion of the Municipal Regional District Tax.

#### **7. BYLAWS:**

#### **8. MISCELLANEOUS CORRESPONDENCE & REPORTS:**

#### **9. NEW BUSINESS:**

- (a) Round-about center piece funding option: consider an amendment to the Resort Municipality Initiative strategy.
- (b) Formation of Arts Committee.
- (c) Investing in Canada Infrastructure Program: Environmental Quality Program.  
Eligible projects:
  - Increased capacity to treat and/or manage wastewater and/or stormwater.
  - Increased access to potable water.
  - Increased capacity to reduce and/or remediate soil and/or air pollution.Grant decisions are “anticipated” for spring 2021.
- (d) Housing Needs Assessment decision on the timing of the study.

The Village has to complete a housing needs assessment by April 2022. The bulk of the data collection forming the basis of the assessment comes from the Canadian Census (see attached guide). The last census was undertaken in 2016 and the next will occur in 2021.

It is questionable how useful a current needs report would be, when based on 2016 data. It may make more sense to prepare our first report based on the 2021 census. We will have to prepare one every five years after that (which would then be in sync with each subsequent census).

- (e) October cheque register in the amount of \$217,432.40.

Mayor and Council  
Radium Hot Springs

Our File

October 22, 2019

To the Mayor and Council,

**Mayor and Council Quarterly Report - Radium Hot Springs  
Second Quarter - 2019/2020**

**General Remarks Regarding the Second Quarter**

I'm happy to report we made it through this summer relatively unscathed. Our Detachment experienced the regular increase in call volume that we've come to expect during the summer season. We were relieved there were no major wild fires in the Province that would require us to send resources out of the area.

**Detachment Personnel Status**

Our Detachment remains at full strength.

- 1 Sergeant (Detachment Commander)
- 2 Corporals (Supervisors)
- 8 Constables (Provincially funded)
- 3 Administrative Staff
- 1 Reserve Constable
- 1 Victim Services Worker

Our two newest members are meeting or exceeding all expectations. Both members will continue to work on the same shift pattern as their trainer until they complete their recruit field training which is approximately six months in duration. Cst. Kish is expected to complete his training in December and Cst. Anderson is expected to complete his training in February.

Our Detachment is enjoying have one additional member on staff until Cst. Chris Joy relocates to his new posting.

East Kootenay Traffic Services have identified Cst. Vince Bixby as their newest member to be stationed at the Columbia Valley Detachment. Cst. Bixby will be replacing Cst. Michelle Joy who has not yet departed.

Non-sensitive

**Calls for Service**

The total number of calls for service throughout the Columbia Valley Detachment area for the second quarter (July - September) was 1076. During the same quarter in 2018 our calls for service were 1102 and in 2017 we received 1066 calls.

The specific calls for service for Radium Hot Springs were as follows:

July	2019 = 24	2018 = 36	2017 = 22	2016 = 20
August	2019 = 45	2018 = 37	2017 = 39	2016 = 37
September	2019 = 20	2018 = 26	2017 = 28	2016 = 22
<hr/>				
Total	2019 = 89	2018 = 99	2017 = 89	2016 = 79

Calls within Radium Hot Springs accounted for approximately 8% of our calls for service.

**Detachment Priorities**

The Detachment Priorities for 2019/2020 are:

- Road Safety - Our objective is to enhance road safety.  
We will make efforts to increase our presence on our roadways and in our communities and we will ensure our members have the training they require to carry out their duties. Recently, one of our members completed the Intoxilizer course (Breathalyzer). We now have five Intoxilizer operators working out of the Columbia Valley Detachment. Our two newest members will receive basic radar training in October and another two members will receive LASER radar training.
- Crime Reduction - Our objective is to reduce Property Crime.  
We will continue to strategically target our prolific offenders. Last year our Detachment had 35 reported thefts from vehicles and 63 reports of theft under \$5,000. After the first half of the year, which is typically our busiest, we have had 19 thefts from vehicles and 24 reports of theft under \$5,000. We are on track to meet this objective.
- Youth - Our objective is to prevent and reduce the incidence of crime involving youth.  
This fall we will be implementing a pilot project called Walk away, Ignore, Talk it out, Seek Help (WITS Program) in two local elementary schools. This training will address bullying in our schools. We will continue to work closely with our school district to identify other opportunities to support the youth in our community.
- Substance Abuse - Our objective is to reduce substance abuse.  
Drug investigations take considerable time and money to conduct. I have committed to increasing training opportunities specific to drug investigations so our members will be better prepared to conduct these complex investigations. This summer our Detachment hosted two workshops related to drug investigations. Both were well received and our members have already begun to implement what they've learned. I have requested additional funding to host a Pipeline course in the new year which will develop our officer's observational, conversational and investigative skills in order to recognize indicators of traveling criminals. I have also been in communication with our neighbouring detachments to discuss how we can assist each other with our cross-jurisdictional criminals.

Respectfully,

Sgt. Darren Kakuno  
Columbia Valley RCMP

## Guide to Requirements for Housing Needs Reports

Effective April 16, 2019 provincial requirements require all local governments to complete housing needs reports for their communities by April 2022 and every five years thereafter.

Together, the housing needs reports legislation and regulations specify requirements for:

- **Information Collection** - As a basis for determining current and projected housing needs, local governments are required to collect approximately 50 distinct kinds of data.
- **Report Content** - All housing needs reports are required to contain certain content, based on analysis of the information collected, and a standardized summary form.

This guide is an overview of the requirements in each of these areas.<sup>1</sup>

The requirements related to housing needs reports are detailed in legislation and associated regulations:

- The *Local Government Act* (mainly Part 14) and Housing Needs Reports Regulation.
- *Vancouver Charter*, Section 27 and Vancouver Housing Needs Reports Regulation.

Links to the legislation and regulations, as well as implementation supports for local governments to meet the requirements, are available at: <https://www2.gov.bc.ca/gov/content/housing-tenancy/local-governments-and-housing/policy-and-planning-tools-for-housing/housing-needs-reports>

Local governments who are already working on, or who have recently completed a housing needs report (before April 2019), may be considered to have met the legislated requirement for their first report. Please contact ministry staff about whether these transitional provisions could apply to your local government.

<sup>1</sup> Note: In the event of discrepancy with this document, the meaning of the legislation and regulations prevails.

Required Information (Data Collection)

As a basis for determining current and projected housing needs, local governments are required to collect approximately 50 kinds of data about:

- current and projected population;
- household income;
- significant economic sectors; and
- currently available and anticipated housing units.

In the case of a regional district, this information is required for each electoral area to which the report applies (except for electoral areas with a population of less than 100). In the case of the Islands Trust, the information is required for each local trust area.

Most of the data that local governments are required to collect is provided at: <https://catalogue.data.gov.bc.ca/group/housing-needs-reports>

The tables below detail each of the required kinds of data, its source and the time frame for which it is required.

Understanding trends is an important part of data analysis. Consequently, local governments are required to collect information on previous as well as current years.

- For data that is available from Statistics Canada, the period for which data will be required will be the previous three Census reports. For other information, the required period will be comparable. Local governments may choose to look further back if information is available.
- Information projections will be required to look at least five years forward.

Required Content for Housing Needs Reports

All housing needs reports are required to contain the following content, based on analysis of the information collected. In the case of a regional district, this content is required for every electoral area to which the report applies. In the case of the Islands Trust, the content is required for each local trust area to which the report applies.

- The number of housing units required to meet current housing and anticipated housing needs for at least the next five years, by housing type.
- Statements about key areas of local need.
- The number and percentage of households in core housing need and extreme core housing need.
- A standardized summary form.

Note that a regional district *does not need* to include the following content for electoral areas with a population of less than 100.

Housing units required – Current and Anticipated (in 5 years)	
Number of units needed by “type” (unit size): 0 bedrooms (bachelor); 1 bedrooms; 2 bedrooms; and 3+ bedrooms	Legislation LGA: 585.3 (c) (i), (ii); VC: 574.3 (c) (i), (ii)
