SCHEDULE “B” TO BYLAW NO. 456, 2020.

**VILLAGE OF RADIUM HOT SPRINGS
FINANCIAL PLAN POLICY STATEMENTS 2020**

The Community Charter requires that municipalities provide explicit policy and objective statements as part of the financial plan that relate specifically to the proportions of revenue proposed to come from the various funding sources, the distribution of property taxes among property classes, and the use of permissive tax exemptions.

1. It is the objective of Council to operate an efficient and self-sufficient municipality while maintaining a well-serviced, safe and livable community. Our focus is providing for maximum efficiency with minimal taxation, while also making provision for future infrastructure and service needs.
2. With respect to the proportions of revenue proposed to come from the various funding sources the following applies:
 - (a) The assessed values for the residential and commercial tax classes saw a market change of 3.23% and -1.78% respectively. Major Industry saw a market decrease of -1.62%. There will be an additional tax increase added to the rates to raise revenue for the overall general operational costs. Additional revenues will also come from the new construction of the prior year.
 - (b) The revenue from water and sewer parcel taxes will primarily be used to finance existing capital debt, new capital projects, operations, and to maintain or build reserves for future purposes.
 - (c) The Village supports an approach based on fee for service and supports provincial regulation that ties fees to the actual cost of providing a service. For this reason, demand for services largely dictates projected fee revenues.
 - (d) Revenue from other services is largely dependent on grants and transfers from senior governments. The municipality will pursue such funding whenever the programs advance municipal goals. We will support provincial objectives, often attached as funding conditions, in any way that compliments or advances municipal policy or direction.
 - (e) The municipality will borrow when necessary to achieve our objectives, while being cognizant of the additional costs imposed by borrowing, and of how these costs get transferred to the future users of infrastructure financed through borrowing.

Table one: proportions of total revenue (operating)

Revenue Source	% Total Revenue
Property value taxes	26.9%
Parcel taxes	15.7%
User fees and charges	18.1%
Proceeds from borrowing	0%
Other sources	39.3%
Reserves & Surplus	0%
TOTAL	100%

VILLAGE OF RADIUM HOT SPRINGS
FINANCIAL PLAN POLICY STATEMENTS 2020

3. With respect to the distribution of taxes among property classes:

Council is satisfied that the existing tax distribution equitably shares the tax burden amongst classes in relation to the services used, while considering the classes of property that have revenue producing potential. The following table represents the gross tax revenue by sector, not the relationship between tax rates.

Table two: distribution of property tax revenue

Property class	% Property Value Tax
Residential (1)	69.01%
Utilities (2)	1.03%
Major Industry (4)	12.01%
Business (6)	16.35%
Managed Forest (7)	0.01%
Rec/Non Profit (8)	1.59%
TOTAL	100.00%

4. With respect to permissive tax exemptions:

- (a) Council will consider the merits of each tax exemption application on a case by case basis.
